## EDUCATION

---

<b>Kiet Group Of Institutions</b>	<i>06/2021 - 06/2025</i>
B. Tech., Computer Science And Engineering	
<b>Maharishi Vidya Mandir, Orai</b>	<i>06/2008 - 06/2020</i>
Intermediate	
<b>Maharishi Vidya Mandir, Orai</b>	<i>06/2008 - 06/2020</i>
Highschool	

## EXPERIENCE

---

<b>Core Member, FOSSC</b>	<i>February 2023</i>
FOSSC is a student-led community passionate about open source. Embracing collaboration and innovation, promoting the ethos of free and open source software, empowering students to learn, contribute, and build together.	

## PROJECTS

---

<b>Video Chat Website using WebRTC</b>	<i>May 2023</i>
Developed a WebRTC-based video chat website facilitating real-time video conversations. Utilized HTML, CSS, and JavaScript for frontend development, leveraging peer-to-peer connections. Project repository: <a href="https://github.com/omgupta2202/vc-website">github.com/omgupta2202/vc-website</a>	
<b>Customer Relationship Management (CRM) App</b>	<i>March 2023</i>
Created a Python-Django Customer Management App for businesses, including features for storing/retrieving customer data, user authentication, CRUD operations, and secure information access. Project repository: <a href="https://github.com/omgupta2202/Customer_Account_Management">github.com/omgupta2202/Customer_Account_Management</a>	
<b>Dukaan API</b>	<i>June 2023</i>
Developed a Django-based tech platform utilizing Django REST Framework to enable businesses in creating online retail stores, managing inventory, and facilitating online ordering for customers. Utilized SQL database for data storage. Project repository: <a href="https://github.com/omgupta2202/Dukkan_project">github.com/omgupta2202/Dukkan_project</a>	

## TECHNICAL SKILLS

---

**Programming Languages:** C, C++, Python  
**Tools and Frameworks:** Django, Git, GitHub, Docker, Netlify  
**Web Technologies:** HTML, CSS

## CERTIFICATES

---

<b>Programming for Everybody</b> , University Of Michigan	<i>June 2022</i>
Coursera certificate: RKRH86DL67EC	
<b>What is Data Science?</b> , IBM	<i>July 2022</i>
Coursera certificate: N5YSNPC4WEJ2
